

Brightcart Order Cancellation Policy

Brightcart Customer Policies — Order Cancellation

When You Can Cancel

You can cancel an order, or individual items within it, **only while the order status is "Placed."**

- Once the status changes to **Shipped**, cancellation is no longer possible through the app.
- If you no longer want a shipped item, wait for delivery and then raise a return request instead, subject to the return window in the Return Policy.

Most orders move from Placed to Shipped within **24-48 hours**, so cancel as early as possible if you've changed your mind.

How to Cancel

- 1 Go to **My Orders**.
- 2 Select the order, or the specific item, you want to cancel.
- 3 Tap **Cancel Order** (or **Cancel Item** for a multi-item order) and choose a reason.
- 4 Confirm cancellation — you'll see an on-screen confirmation and receive an email/SMS.

Cancellations work per item, so on a multi-item order you can cancel just one item without affecting the rest.

Refunds After Cancellation

- If payment was already made, the refund goes to your **original payment method** within **5-7 business days** — the same timeline as an approved return refund.
- Cash on Delivery (COD) orders don't need a refund, since no payment was collected; the order is simply cancelled.
- If a coupon was applied at checkout:
- A **percentage-discount coupon** used on a fully cancelled order is reinstated to your account, provided it hasn't expired, so you can use it on a future order.
- A **store-credit coupon** used as payment is credited back to your account balance.
- If you cancel only part of a multi-item order, the refund covers just the cancelled item(s), and any coupon discount is recalculated proportionally.

Cancellations After Shipping

Orders cannot be cancelled once they're:

- Handed to the courier partner
- Out for delivery

- Marked as delivered

In these cases, use the **Return** flow instead. If you refuse delivery at the doorstep, the order is treated as a failed delivery and returned to our warehouse — you're then offered a refund following the same 5-7 business day timeline.

Order Cancelled by Brightcart

In rare cases, we may cancel an order ourselves — for example, due to stock unavailability, a pricing error, or failed payment verification. If this happens:

- You're notified immediately via app, SMS, and email.
- Any amount already paid is refunded in full to your original payment method within **5-7 business days**, with no cancellation fee.

Cancellation Fees

There is no fee for cancelling an order while it's still in **Placed** status.
